## Cover Photo

This will admittedly be a rationalization for putting a city of San Francisco photo from GGR territory on the cover of an East Bay newsletter.

Our Diablo President laid the perfect foundation for this justification by saying that we are very fortunate to have such a great city to tour. The truth is, however, that I really enjoyed the harmony of the bluish shades in the title and the hues from the city photo as seen by an Olympus 10x optical zoom lens.

The title colors resulted from trying a new InDesign plug-in called InEffects. If you see a slight glow to our logo above, it also comes from InEffects. The simple truth is I liked the complimentary relationship between the title graphic and the Twin Peaks view of The City. In addition, it gives a chance for the InEffect demo to show how well any of its effects will endure the PDF and printing workflow.

Speaking of other regions, a SVR event and resulting photo made it to our mostly exclusive Diablo page nine. The picture is from the Sunday concours event which, because of heavy watering, was shifted with fine results to the parking area. BTW, telling the Lion's Gate people to not water for three days prior to the event was apparently overlooked on someone's "To Do" list.

<<http://www.pca.org/dia/>>

*The Advocate is the official publication of the Diablo Region of the Porsche Club of America. Opinions expressed herein are not necessarily those of PCA, the Diablo Region or of Porsche, AG. Contributions are welcomed. The deadline is one week after the board meeting. The editor reserves the right to edit any submission.*

## From the President

by Patrick Schmidt

Thanks to all who helped generate the activities in May: Marilyn Miller for hosting the Fiesta Mexicana Celebration, and Mike Vorkapich plus all the volunteers who helped with the 19th Annual Wash 'n Shine held in Danville. A special thanks to Miguel Cela and his AutoAffair crew for sponsoring the Concours. Since this is the Region's annual charity event, another note of appreciation to Miguel for the donation of an electric scooter at our March Wash 'n Shine prep session organized by our Tech Chairman, Chris Paterno. For those who do not know, Miguel offered to donate a \$300 scooter if the Region member's purchases totaled \$1000 that day. Not only did we exceed Miguel's goal, we also set a grand example of members supporting our advertisers! Thanks to those members who made purchases that day and to others who bought scooter raffle tickets later. We will have an announcement once the numbers are in to how much the raffle increased our proceeds for the "Blankets for Kids" charity.

June is always a great month to put an extra Porsche event or two on your calendar. For those of you who sneak a preview of the Advocate on the Web (thanks to Ron Leppke and Rob Haitzma), there is still time for you to plan to get to the Wash 'n Shine at the Danville Livery and Mercantile Center near Sycamore Valley Road and I-680. If you are reading this Advocate in hard copy, the event has been neatly closed up for 2004. I hope you had a chance to attend and made some new friends and perhaps learned even more about fine Porsche automobiles.

Moving into the summer, we are ready to enjoy drives typically scheduled for the third Saturday of the month. While it was not the third Saturday, Eugenie suggested I lead a tour to the top of Mount Diablo on May 8. All it took was this little suggestion, and we pulled off an impromptu drive on a perfect Porsche driving day! Temps were in the low 70's and mostly green hills in the valley made for a beautiful run up the mountain. Vern Thomas, Eugenie Thomas, Ted French and Ron Leppke drove a beautiful assortment of Porsches. The view from the top of Diablo

was great as always. As with most Porsche outings, getting there was half the fun, and getting back was the other half! Ron, always with camera in hand, took some great photos (See page 14). We have had many great tours and more to come. If you'd like to join us or lead a tour, feel free to contact any Board member. A Saturday tour could last just a few hours, e.g., up Mt. Diablo on May 8, and may or may not include lunch as a group. Other tours, like Frank Duran and I put together in October of '03, included a run up, then down Morgan Territory Road, a tasting at Murietta's Well in Livermore and a leisurely two hour lunch with great wine at Elliston's Vineyard in Sunol. Bill Arthur and I are hoping to pull together a little longer Saturday drive to Bruce Canapa's facility in Santa Cruz. Among a variety of projects, Bruce is prepping 959s for US street legal status and has quite a few race cars on site as well. We will try to build in enough lead-time to be sure we have enough participants to make it worth Bruce's time.

## From Jack and Jan Carpenter

Jan and I were very pleased and honored to receive the **John Clever Memorial Friendship Trophy** for 2003. We would like not only like to thank the Diablo Board, but also Carol and Irwin "Scotty" Scott who designed and provided the trophy in honor of John.

Since the Scotts are Charter Members of the Diablo Region, they really know what a friend and mentor John was to all of us in PCA. There will never be another member of the Porsche Club quite like John, but any of us who are fortunate enough to be on this perpetual trophy are proud to be associated with John, his dedication to PCA, and his friendship with both old and new members.

**Editorial note:** This gracious and unsolicited message from the Carpenters is both welcome and fortuitous. The May issue article on the Annual Awards missed an important opportunity to honor the Scotts, the Carpenters and John when mention of this important award was neglected. Thanks to the Carpenters for facilitating this correction.

**Judy Schreib**  
 <jhschr@tdl.com>

*Please visit us at our weekly breakfasts or monthly dinners so we can get acquainted. It will be delightful to meet you in person.*

*After all, it's not just the cars. It's the people.*

## Ron for the Road

by Ron Leppke, Editor  
Having owned

Porsches since 1959, I certainly have had more than my share of "end cut" parking and other idiosyncratic maneuvers designed to preserve the exterior appearance of cars that sell poorly with door dings or damaged alloy wheels. Clever parking is but one aspect of keeping a Porsche pristine; having an expert wheel and tire shop with high standards is another.

<lepprd@mac.com>

Recently while having tires mounted at our fine sponsor (See the ad on page 2), I heard Roger call all of his guys from the alignment bay to a nice BMW in the parking lot that was unloading a new set of very expensive wheels and tires. Why all the fuss and extra people? Roger wanted each wheel to be hand-carried to the tire mounting area and then stacked with fresh, clean cardboard between each wheel. I had a quick look around and there were more examples of why this shop has different standards than the typical low budget place. All seven jack handles are wrapped in thick foam.

This attention toward protecting your Porsche investment may add some pennies to the bill but you will be repaid many times over when it comes to the selling price.

Another item in this general category of tires is wheel balancing. Why should a street or passenger car be taken to a race shop for tire balancing? If the tire shop has enough quality technology to have a thin tread race tire, i.e., less tread depth to absorb road roughness, run smoothly on the track at 120 mph or better, then your full tread passenger or street tire will easily run smoothly at half that speed. In fact, the new thin treaded Dunlops that Roger's people put on two weeks ago, were so smooth that three digits appeared in my odometer dial when the frustration of jammed

traffic gave way to some open space as I moved from fourth to sixth gear.

I autocrossed at CRAB for three runs on Saturday, 4/23 and then hit the road (as we now are saying: "Ron for the Road") for a Mennonite Historical Society annual meeting in Fresno. Hwy. 99 was congested, so the down to fourth and back to fifth and sixth was the routine. It was a long day of more than 400 miles since I skipped the evening meeting to get back to CRAB and photograph the Sunday events.

By the way, once you add in my late entry and count by people rather than by couples or registrations, Diablo had more CRAB participants than any other Region other than the SVR host group. Eugenie had a remarkable weekend with her "new" 911. For example, she beat me in the autocross, but my handy dandy list of autoross excuses came up with, "I was testing tire pressures for my new Dunlops and was thus not full-out racing."

The number of visitors to the photos on my homepage of GGR and other driving event galleries continues to amaze me. One page has only been up a two days and yet the total for five driving events was over 1000. The 5/2 GGR autocross page, posted on Monday the 3rd, had 222 visitors by Thursday the 6th. Only one day later, the overall total for driving events was over 1200\*. Even my "Blossom Trail" pictures had 92 visitors. I am also getting some interesting "Send me" messages.

In case anyone noticed, the Saturday photos from the Road & Track Invitational at Laguna benefitted from an editor perk when I obtained a photographer's armband and pass. This pass included the combination to all the gate locks that keep others from the track-side windows in the fencing while we armband people can use them for close-up photos.

(\* The total thru 5/21/04 is 1627)

<<http://homepage.mac.com/lepprd/>>

## My First Porsche, #15

Ted French says, "I have owned this 912 for over 30 years and am just now learning how to drive it." *Editor: see autocross photos.*

## Perfect Porsche Parking

Mike and Gale Vorkapich found a perfect spot while at the CRAB event in Sacramento.

# Porsche 911 Series **TECH SESSION**

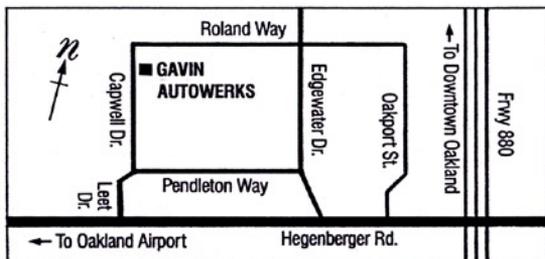

**when:** 9:00am, Saturday, June 12, 2004

**where:** GAVIN AUTOWERKS, 7920 Capwell Dr.,  
Oakland, CA Phone: 510-633-0620

**subject:** Porsche 911 Major Service Information and Discussion. Session includes details on all aspects of services recommended by Porsche on 911 series cars. Session arranged by Diablo Region PCA and conducted by Gavin Cox.

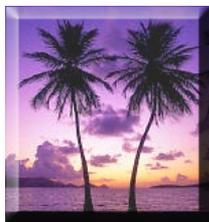

Gavin, who has served Porsche Owners in the Bay Area for over 26 years, will conduct the Tech Session. He will be available to Porsche Owners to discuss the pleasures (and occasional frustrations) inherent in owning and driving one of the worlds finest sports cars.

**NOTE:** Even though this Tech Session will address 911 Series cars, all Porsche Owners are invited to attend. Gavin's experience includes service on 914, 944, and 928 Porsches.

\* Featuring 29 entrees, including pastas, in addition to pizza.

# Fiesta Mexicana Celebration

by Herb and Judy Schreib

The sixth annual Cinco de Mayo event was the end of an era. Marilynn has sold her house and is heading to Tucson, AZ. She has hosted many Porsche events, including pool parties, Christmas gift exchanges, and newcomer "welcome" gatherings.

The Fiesta, was a huge success with great Porsche camaraderie, good weather, Marilynn's famous margaritas, mild/spicy salsa, guacamole and a variety of Mexican food catered by El Balazo. In addition, there were tempting desserts, including cream puffs, bite-size brownies and fresh fruit.

Phil, our name tag guy, had a drawing for anyone wearing his/her Diablo Region name badge. The winners were: Gloria Hall (t-shirt), Bill Packwood (sweatshirt) and Rob Haitsma (cap). **Editor: The 2X clothing items were apparently made possible by Phil's recent weight loss.**

Herb presented to Marilynn a matted photo of her casa signed by all present with great sentiments." He explained that he drove to her house

early in the week to snap the photo. At that moment, Marilynn unexpectedly walked out and boldly questioned, "What are you doing?" She found out when the signed photo was presented. President Patrick added some kind, supporting words for Marilynn's past contributions to Diablo Region. Marilynn joined Diablo Region in 1996, served as a Director/Goody Bag chairperson and also hosted many board meetings during that period.

It was determined that a great rally could be mapped out for the 2005 Cinco de Mayo party at Marilynn's new casa in Tucson. It was also suggested that Marilynn could add to the selling contract that her present casa be available next year with the new owners either hosting the party or loaning Diablo Region the use of the house.

Marilynn, **we will miss you!!!** Anyone else ready to "step up to the plate" to host this great event next year???

## Zone 7 Concours #3

Shriners Hospital for Children  
Stockton Boulevard and Y Street, Sacramento

This concours has become the largest car show in Sacramento and draws entrants from all over California and several other western states. It is a significant fund-raiser for the Shriners Hospital for Children. There will be a PCA sponsored Hospitality Tent with seating and free refreshments.

Saturday, June 12, 6 P.M. to 11 P.M.

Grand Marshal's Banquet at the Coca Cola Plant on Stockton Boulevard  
Honoring Bob Garretson, Grand Marshall of Shriners Concours  
Banquet Fee: \$30.00

Sunday, June 13 - PCA Zone 7 Concours #3

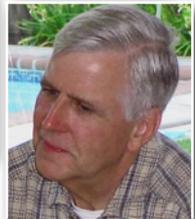

7:30 - 9:00 A.M. - Car Placement • 9:30 A.M. - Gates Open to the Public  
10:00 A.M. - Judging Begins • 1:00 P.M. - Parade and Awards Presentation  
SVR Zone 7 Concours only: \$25.00 • Shriners Concours only: \$25.00  
Shriners Concours and SVR Zone 7 Concours: \$40.00  
Display only: \$15.00 (Includes Shriners Concours Admission)  
PLEASE: Bring a new, unwrapped TOY for the children!

Registration deadline for PCA SVR Concours is Sunday, June 6, 2004. Contact Jeff Kinder at (916) 765-2801 or Kent Brandon at (916) 663-1702. Make checks payable to "PCA SVR" and send to Jeff Kinder, 4320 Fremont's Loop, Rescue, CA 95672. For Shriners Concours Registration, contact Marie Woods at (916) 685-1615 or [www.shrinersconcours.com](http://www.shrinersconcours.com)

## CRAB 31 Rally

by Rik Larson

Several cars ran the CRAB 31 Rally without an odometer and succeeded in one winning a class and the other placing second in a class— I tried so hard to make this an easy event.

All 24 cars that started the 2-hour, 80-mile long event completed the course and passed through all of the checkpoints. This event used instructions (grid pattern of 10 instructions per page) borrowed from a basic format to be used at the Porsche Parade rally this year in Fort Worth. I opted to provide mileages for all of the instructions (easy to calculate the perfect times at any point that was in the route instructions). A pictorial or “tulip” diagram was not provided, as I did not want to present too much information on a single line.

This rally had some special equipment requirements associated with it: only watches, paper, pencil and “stickies” were allowed in an attempt to level the playing field. Jessica and

J. Toney won the Class C with a score of 56 seconds. Running without a working odometer, Mike and Emily Willis had a score of 60 to win Class R. Tish Gleason and Al Armellini of **Diablo Region** had a score of 85 for the win in Class A.

Rounding out the class winners were Kirk and Linda Bradford with a score of 128 in Class B. The other car running without a working odometer was Ron and Sally Boeck. They picked up a second place in Class A with a score of 178.

There were two short legs (4 minutes and 7 minutes) that allowed for some very low scores. Then two other legs of approximately 35 minutes (which co-incidentally had the same elapsed time) gave a chance for everyone to separate themselves from the other contestants.

The general route explored the area around the Sacramento International Airport and the small towns of Nicolaus and East Nicolaus. In fact we used some of the same roads and checkpoint locations as were used in the 2000 Parade Rally. Potty stops were plentiful (after Mike Willis turned the porta potty at checkpoint 2/3 so that we could get to the door). And a few cars were treated to the “North by Northwest” experience of a plane (crop duster) coming toward you as

used a dirt landing strip parallel to the rally road.

## Driving Events

*by the Editor*

The Diablo Region continues to have a strong presence in the GGR autocross series. Ted French has his 912 tied for first in class A; Jon and Ed Dugan are first and second, respectively, in class G. Mike Quinn's SC won the last event in Class K and is now third in the standings. Rob Aldenhuysen has his Carrera in second in Class L. Alan Kingsley is undefeated but is second in class M because tax work apparently kept him out of the first two events. Ken Jones is dominating the street tire Boxster S class (N) and typically is one of the fastest overall on street tires. Tim Stewart's 993 is second in Ni whereas your editor has entered only one event so far for

fifth place. Kevin Mehlberg has Class S all to himself and Mike Vorkapich is second in the regular Boxster class (T). The Thomas ladies, Vern and Eugenie, are first and second in TL where Vern continues to be undefeated. Ralph Lignons has finished second twice in class Gm and is second in the standings. Milo Dorr has won two of three events and easily leads class Dm.

**Clockwise:** Vern Thomas<sup>1</sup>, Ron Leppke<sup>1</sup> and Mike Qinn with Alan Kingsley.

*Like the world's best recurring dream,  
the 911 Carrera is once again new.  
Longtime drivers will know it instantly.  
You can see the great 911 models of  
years past in the round headlamps and  
muscular new lines of the body. Yet those  
lucky enough to get behind the wheel are  
in for a treat unlike anything that's come  
before. Enjoy this first glimpse of the  
newest Porsche. You'll be hearing much  
more from us in the days ahead.*

## **Goody Bag**

Authentic Porsche AG, PCA and Diablo Region apparel and related items, including many with the new Diablo logo.

**At events, contact:  
Vern or Howard  
Thomas**

**Diablo Patches**

**Denim Shirts**

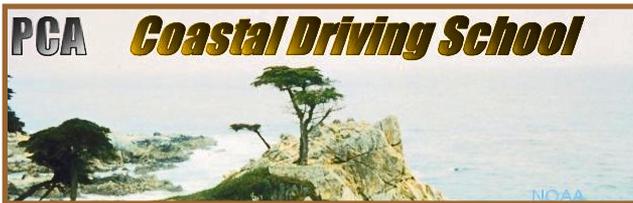

**Polo Shirts**

**Hats**

**Tees**

**and more!**

These items are usually available to be seen and purchased at our weekly Danville Denny's breakfasts beginning at 8:00 AM.

The PCA Coastal Driving School provides a safe, structured and controlled teaching and learning environment for participants to improve their driving abilities, acquire a better understanding of vehicle dynamics and learn driving safety. Participants will experience first-hand the capabilities of high performance automobiles in a controlled, closed-course environment and acquire skills that will enhance safer vehicle operation in all driving situations.

The PCA Coastal Driving School is a joint organization between the Monterey Bay and the Loma Prieta Regions of the Porsche Club of America. Porsche drivers are given registration priority but all suitable makes of cars are welcome.

**Our inaugural DE at ThunderHill last month was a huge success.**

**Key information on our second event:**

Saturday, June 26, 2004 - Laguna Seca!  
\$225 per driver; second driver is \$205

**Go to: <<http://www.coastaldriving.org>>  
Registration forms and other info is available on the website**
